

## **Free Phone Sex Ebook**

Hi, I'm Gina and thanks for downloading my free phone sex ebook. It's got a TON of hot numbers in it and you're going to want to print it out and keep it around. Many of my married friends keep it in their suitcase and always take it with them when they're on the road!

I've put the numbers in alphabetical order with a short description underneath so you can get a general idea of the particular sexual "specialty" each offers. But remember, the beauty of phone sex is that you can tailor your experience to whatever YOU want to do – just tell your girl (or guy, or shemale, or...) exactly what *you* want! Cool, huh?

Oh, and one last thing, the phone numbers in this book are for ADULTS, so if you're under the age of 18, I'm afraid you're out of luck. We don't take calls from minors.
